Dear Statutory Consultees,

RE: TRAFFIC REGULATION ORDER SCHEME TO IMPEMERNT ALTERATIONS TO CURRENT PARKING RESTRICTIONS ON VARIOUS ROADS, HEREFORD, WITHIN THE VICINITY OF THE STRAIGHT MILE, WATERY LANE, WHITECROSS ROAD, QUEENS HILL GARDENS, BARRS COURT ROAD AND COLLEGE ROAD.

Please find attached a Statutory Consultation Letter which details the above Traffic Regulation Order and the reasoning behind it.

Would you please kindly confirm your support or issue any other comments you have to the email provided on the letter – Trafficengineering@herefordshire.gov.uk – **by noon on Friday 16th October 2026**. If you have no comments to convey, it would be most useful if you could confirm this in writing to the same email address.

Formal public consultation is being run concurrently with this statutory consultation. Notices are being placed on-site today (24th September), as well as in the local press and on deposit.

Thank you for reading my email and I look forward to your responses.

Kind regards,
 Natalie

Dear Statutory Consultee,

RE: TRAFFIC REGULATION ORDER SCHEME TO IMPLEMENT ALTERATIONS TO CURRENT PARKING RESTRICTIONS ON VARIOUS ROADS, HEREFORD, WITHIN THE VICINITY OF THE STRAIGHT MILE, WATERY LANE, WHITECROSS ROAD, QUEENS HILL GARDENS, BARRS COURT ROAD AND COLLEGE ROAD.

I write on behalf of Herefordshire Council to advise you that a Traffic Regulation Order (TRO) scheme regarding waiting restrictions at, Hereford, is being investigated. These sites form part of a review of parking restrictions across the ward and have come about as a result of concerns raised by local representatives regarding the appropriateness of the current parking arrangements. The attached proposal drawings have been designed which outline the proposed alterations which could be made to current parking restrictions.

These are primarily proposed in order to prevent inconsiderate and inappropriate parking, double parking, improve road safety and amenity, and prevent parking close to traffic light approaches and where it causes obstructions for large vehicles (inc. emergency service vehicles) and cyclists/pedestrians.

The measures are also proposed for the following reasons in accordance with the Road Traffic Regulation Act (RTA) 1984:

- For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising.
- For preserving or improving the amenities of the area through which the road runs.

This consultation is taking place concurrently with the Formal Public Consultation (Notice of Proposal), which will allow the public to comment on these proposals.

A Traffic Regulation Order (TRO) process has now been initiated, and this is the Statutory Consultation stage of the TRO process along with the Notice of Proposal. If you have any observations or comments, please contact the Road Safety & Traffic Engineering team by email at Trafficengineering@herefordshire.gov.uk or at the above postal address. The deadline for receipt of comments is noon on FRIDAY 16th OCTOBER 2026.

Many thanks for taking the time to read this letter and I look forward to receipt of your comments as part of this statutory consultation process.

Yours sincerely,

Natalie Trumper

Dinedor Parish Council

Dinedor Camp Management Steering Group Notes of the meeting held on Wednesday 26th August 2026 At Dinedor Outdoor Centre

In attendance: Paul Davies
Andy Preedy
Chris Waters

Liz Kelso – Parish Clerk

1. Apologies

Apologies were noted from Nick Austin, Joe Davey and Malcolm Louch.

2. Notes from the previous meeting

Notes from the previous meeting held on 14th April 2026 were confirmed.

3. Review of Management Plan, Community Volunteer activity and plans moving forward

It was considered that the Historic England agreed management plan, including the supplementary plan, was being followed but lack of community volunteers was hampering noticeable progress in managing the site. It was agreed to consider an approach to veteran organisations and similar groups promoting the personal benefits of working outside in nature in an effort to attract volunteers. Parents of young people who have attended the Outdoor Centre might be willing to join the community volunteer group and it was agreed that further publicity to encourage volunteering would be beneficial although more volunteers would require more supervision at the monthly working parties. This was considered further under agenda item 4. It was suggested that residents of Lower Bullingham be approached, perhaps through the parish council, to join the volunteer group.

Information signage, perhaps located by the car parking area, might attract visitors to joining the community group if people were more aware of the historic nature of the site. The Heritage Group might be able to assist with this.

It was agreed that this would be considered further at the next meeting. It was also agreed that further consideration be given to the work to be carried out in forthcoming months at the next meeting.

4. Health and Safety

Some concern had been expressed at the use of the petrol mower and strimmer in the dry conditions recently. Those in attendance on the day felt that the risks had been properly assessed prior to work commencing.

It was unclear where the warning signage and tape was currently held and it was agreed that this should be available whenever the community group work on the site. The group were reminded that appropriate insurance cover only applied if tasks were supervised, volunteers and the tasks they were assigned were recorded and risk assessments had been carried out prior to work commencing.

5. Funding Opportunities

It was noted that a potential funding application could not proceed as the work was required to be completed by 31st March, which was felt to be unrealistic. However, an application is to be made by the parish council for funding via Unity Trust bank for items such as bat and bird boxes which might be successful. It was agreed to research whether further funding might be available from Historic England for the next financial year.

6. Tree Safety

It was noted that the parish council has agreed to consider an update to the existing tree safety survey to assess whether the exceptionally dry weather this summer has led to damage to trees on the camp and in camp wood.

7. Any other business

There was nothing further raised under this agenda item although members noted that improvements to the access road seems to have encouraged residents to visit the Camp during the summer.

8. Next meeting

The next meeting was provisionally agreed for 20th October, venue to be confirmed.

Dinedor Parish Council

Meeting to be held on 13th October 2026

Clerk's Report – Agenda item 8

The following items are brought to members attention but not the subject of a separate agenda item:

1. Parish Councillor Vacancy

There has been no request to Herefordshire Council for an election to fill the current vacancy on the parish council so we are now free to co-opt to fill that vacancy. Members are reminded that if they are aware of anyone who might be interested, please ask them to contact the clerk as there are some checks that need to take place before any co-option.

2. Parish Council Summit

Members will be aware that Herefordshire Council provides a briefing for parish councils approximately once per quarter. The autumn parish summit is taking place on Tuesday 13th October which, of course, clashes with the parish council meeting. Copies of the presentations from that event should be available within the next few weeks.

3. Accounts and Audit Regulations

Changes to the Practitioners Guide for 2026-7, issued by the Smaller Authorities Proper Practices Panel, includes changes to the way the Annual Governance and Accounting Return is completed, moving from a paper based system to a digital return which requires the setting up of an account online and resubmission of some information for the current year. This is applicable for both exempt and non-exempt authorities. The Clerk has recently attended training on the changes and we await a link to enable the setting up of the online account.

4. Mobile phone

As agreed at the last meeting, a mobile phone has been purchased for the parish council. The purchase price of £129.41 was less than the agreed limit of £200 and the monthly sim costs £5 per month, although this will increase after the initial period of 3 months. The monthly sim is currently being paid directly by the clerk and will be reclaimed through expenses. The number is **07741623237**. All links and contacts are gradually being moved to the new number.

5. Dinedor Camp Litter Bin

Herefordshire Council contractors have indicated that as the litter bin on Dinedor Camp is on private land, it will no longer be emptied when requested. The Clerk has challenged this, given that the bin has been emptied for the entire 10 years since the Camp transfer and a formal response from Herefordshire Council is awaited. This may be an agenda item for the next meeting.

6. Unity Trust Grant application

At the last meeting it was agreed that an application for a small grant from Unity Trust could be submitted on behalf of the Parish Council with authority delegated to Cllr. Louch and the clerk to prepare and submit the application. On reflection Cllr. Louch did not consider the terms of the grant were such that the application would be successful so this was not completed.

7. Definitions

A query was raised at the last meeting regarding the definition of the term “residential” contained within a lease. The solicitor who has acted on behalf of the parish council in the past has declined to respond on the grounds of workload, advice obtained through the SLCC stated that in the absence of any specific definition contained within the lease, the term would be defined as that pertaining to common use reflecting that “residential use” would mean that the property is used as a home or main dwelling for someone.
